

DESCRIPTION

KINDLE: COUPLES is KINDLE'S newest initiative, designed for a KINDLE Associate and their spouse to engage in a learning event in which they can explore and grow in practices that foster Christ-like Servant Leadership in their relationship and in their home, congregation, and community.

Couples will spend the four days and three nights cultivating their faith and health in the beauty of the Rocky Mountains of Colorado.

During this learning event, couples will:

- Explore KINDLE strands and practices from the perspective of a couple and determine how they can be integrated into their marriage and home, church, community, and world.
- Strengthen the marriage through dedicated time together, using distinctively KINDLE-style worship, learning, and growth experiences.
- Create a couple's and/or individual Growth Plan to establish new practices that promote Christ-like Servant Leadership in the home and beyond.
- Experience KINDLE resources and processes that can deepen their practice of Christ-like Servant Leadership.
- Participate in a discussion of how KINDLE: Couples could be introduced as part of a Christ-like Servant Leader Development Path in the local congregation.

A NOTE FROM THE DEAN

As a KINDLE Associate (2004), I experienced life-changing events through participating in Classic KINDLE in a cohort of other professionals who also wanted to explore Christ-Like Servant Leadership. Throughout the learning events that spanned two years, I was challenged to take a comprehensive look at my life and ministry through the lens of Christ-Like Servant Leadership. After exploring what those practices and outcomes look like, Growth Plans were developed that served to instill these practices more fully in my life and ministry, with the desire to cause others to do the same.

It was a wonderful experience for me. I learned new language and concepts as I came to understand the Christ-like Servant Leaders Development Path. But my husband didn't share the same experience, and the language I was using and the concepts that influenced me were foreign to him. KINDLE: Couples is designed to share the Christ-like Servant Leaders Development Path with our spouse so that together we can make a difference in our homes, congregations, communities, and world.

My husband, Tim, who was ordained this past January, will serve as our Chaplain, leading our worship time together. We look forward to exploring Christ-Like Servant Leadership with other couples, especially in the areas of cultivating faith and health.

We hope to see you in our home state, Colorado, in April of 2017.
